

# PERSONAL PROTECTIVE EQUIPMENT

TRAINING PARTICIPANTS  
AT THE STUDER CUSTOMER CENTER

## Dear course participants

We look forward to welcoming you soon to the STUDER Customer Center.

To ensure that the training can be carried out efficiently and under the required safety regulations, we ask you to bring your protective equipment in the form of safety shoes, suitable clothing, and any corrected safety glasses with you. During the training, we work on computers in training rooms as well as on the machines.

In the wake of the Covid-19 pandemic (Corona Virus), Fritz Studer AG will provide protective masks, safety glasses (uncorrected) and disinfectants. If you wish, you may also bring your personal protective mask and hand disinfectant with you. The training is carried out under the prevailing hygiene and distance rules of the Swiss Federal Council and the Federal Office of Public Health (BAG). All measures taken are aimed at protecting the health of employees and guests, as well as ensuring that business activities are conducted in the usual quality.
